

How to Use Modern Israel Online

Modern Israel Online is an interactive tour of Israel set in a Google Earth environment. You can explore dozens of preselected links to experience the sights and sounds of modern Israel.

Keywords found on the pages of *Experience Modern Israel* guide you on your virtual tour. You can even create your own tour of Israel, label your favorite places, and share them with your classmates.

Here's an overview of how to use Modern Israel Online:

1. Enter the website address shown on page 6 of *Experience Modern Israel*.

2. Open Modern Israel Online...

First you'll need to click on **Google Earth** to download it to your computer. This is a free application that allows you to "fly" anywhere on Earth to view satellite imagery, maps, and other geographical content. When Google Earth is downloaded, return to the website address shown in your textbook and click on **Modern Israel Online**. View the instructions on the Welcome screen to get started.

3. Choose a keyword from the book...

Keywords indicate subjects that you can explore further in Modern Israel Online.

4. Start exploring!

Use the keywords to find specific topics from the book, or browse the links for each chapter and subject. Watch video clips, listen to music, play games, and create your own tour.

For more detailed help and troubleshooting, check out the resources provided at the website address shown in your textbook and also on the Welcome screen within the application.

Online safety

Students: The Internet contains a wealth of interesting and fun resources, but remember to be safe when you're online. Get permission from an adult before exploring the Internet. Never give out personal information. Do not reply to e-mails from strangers. Do not log in or download anything without permission from an adult.

Educators and Parents: Behrman House regularly reviews and updates the links. However, content may change and links may lead to websites that are not monitored by Behrman House. Adult supervision is recommended when children are exploring Modern Israel Online.
