

Make a Timeline

What were the turning points in Israel's history? For each year on this timeline, write the important event that took place. And don't forget to write your hopes for the future of Israel.

A vertical timeline for Israel's history. The central axis is a vertical line with a horizontal bar at the top and bottom. To the right of the axis, the following years are listed from top to bottom: The Future, 1995, 1994, 1993, 1987, 1982, 1973, 1967, 1948, 1947, 1897, 70, 538, and BCE. To the left of the axis, there are 18 horizontal lines for writing, each corresponding to a year on the axis.
