## SUPPLIES

- 1 empty oatmeal container and lid
- scissors
- construction paper
  - yellow
  - orange
  - pink
- 2 large googly eyes stickers
- black marker
- printout of template
- tape

## DIRECTIONS

1. Cut out a circle of orange paper and glue it to the top of the lid.
2. Cut a rectangle slot on the lid. It should be large enough for a quarter to fit through.
3. Cover the outside of the oatmeal container with orange construction paper. Tape or glue into place. Trim off any extra paper.
4. Place the template onto a separate sheet of the orange paper. Cut out the large triangles (ears) and the tail.
5. Place the template onto a sheet of yellow paper. Cut out the smaller triangles for the inside of the ears.
6. Tape the yellow triangles to the center of the orange triangles. Then tape the two ears to the back of the container.
7. Place the template onto a sheet of the pink paper and cut out the pink nose. Tape it to the front of the container.
8. Use a black marker to draw stripes on the tail, and whiskers and mouth on the face (see template for guidance).
9. Attach the googly eyes in place.
10. Tape the tail to the back of the container.
